

Congratulations from Jean Austria, social worker in Lipa

October 7, 2020

Dearest Mabuhay Sponsors,

Congratulations from all of us for your wonderful journey of 25 years of generosity and kindness and we hope the same for the future also. It is indeed my pleasure working with a foundation whose sincere dedication and passion to reach out to the Filipino children is immeasurable. We hope that your benevolence reach to new heights in the coming days.

Miss Steffi Engel, must have been very pleased with the way this foundation has been extending its help to our young brothers and sisters through the years. Her untimely demise served as the inspiration to continue what she started. She became the epitome of hope and this becomes a legacy to all of us. Though Steffi is not with us anymore, her special moments and wonderful memories will forever be with us.

Mr. Norbert Engel, thank you for this profound act of kindness. I would like you to know that your gesture has always been appreciated. Your hard work, untiring commitment and love, through the support of past and present sponsors made our former scholars self-reliant, and self-empowered individuals. Many are now teachers, some are soldiers, others are gainfully employed in their chosen professions.

My appreciation also goes to Ms. Monika Einwich for accepting the responsibility of continuing this noble commitment of serving the Filipino children in realizing their dreams through Mabuhay Scholarship. At present, we are still trying our best to continue that legacy and be able to help more Filipino children in realizing their dreams.

Rest assured that I am one with the Canossian Sisters in taking care of our scholars and to deliver the scholarship programs of Mabuhay to poor but deserving students.

MABUHAY!!!!

Sincerely,

JEAN AUSTRIA
